Dark Elf Sorceress Set (Dark Elf Sorceress Skin) is an official DLC for Skyrim. The skin is only available for the Xbox 360, but can also be bought on the PC if you own the DLC (although it can only be used on Xbox 360 as well). It is not part of a DLC set, but can be purchased separately. This skin was later made available on the PlayStation 3 version of Skyrim with the same name. v1.2- Added 7 new livery variations, 1 of them was made by me. v1.1 - Added 7 new body variations. Created by me. v1.0 - Initial Release. FlawlessDark Elven Armor (Flawless Dark Elven Set) is an official DLC for Skyrim. This skin is only available for the Xbox 360, but can also be bought on the PC if you own the DLC (although it can only be used on Xbox 360 as well). It is not part of a DLC set, but can be purchased separately. This skin was later made available on the PlayStation 3 version of Skyrim with the same name. v1.2 - Added 7 new livery variations. 7 new head models. Created by me. The model is

called the Godhead. The Godhead is a model of the radiant bard. It is a very challenging and eye-catching skin. The poses that the model offers and most importantly the reflection of the skin are both incomparable. Simply put, you won't find something like this skin anywhere else. The Godhead is an unofficial Skyrim mod. It was created by me. This skin was designed by Rob Vogel. The original model was created by him. This skin was designed by me. It is an unofficial Skyrim mod. The Skilled Series is a group of models of skilled Knights that I had designed for this skin. - All the 7 models were made by me. - I hope to release a new set of skilled knights for future releases. The Skilled series of Knights. Created by me. An all-new title screen that you can use for your own Skyrim Mod. 82157476af
